Mareeba State School subscribes to the online mathematical program 'Matific'.

This program develops students' mathematical skills and understandings in a fun and engaging way. Students are able to use Matific at home on either a computer or iPad. They just use the same username and password that they use at school. If you would like a copy of your child's Matific log in details please see your class teacher. They will be pleased to provide this to you.

Mareeba State School also subscribes to the online reading program 'Decodable Readers Australia'. This program allows students to practise their reading skills at a level appropriate to them. Once again, students use their MIS ID and the password is 'reader'.

READING CAFÉ

**The more that you read,
The more things you will know.
The more that you learn,
The more places you'll go.
-Dr. Seuss**

Our Reading Café runs every Tuesday and Thursday morning from 8:30 – 8:55am in the library. This is a wonderful opportunity for your child to come along and practise their reading. Every time a student visits, they receive a Milo, and every 10th visit earns them a cupcake.

Volunteers to assist in hearing students read are always appreciated. If you are able to assist, please join us in the library on Tuesday and Thursday mornings.
